

Environmental Activities

ENVIRONMENTAL POLICY STATEMENT

The Tennsco Corporation Environmental Policy is to:

- Consider the environmental impact of procedures throughout all facets of operation including, but not limited to, purchasing, engineering, material handling, processing, manufacturing, and transportation;
- Recognize the need for the involvement of all employees to continually achieve the goals that are set;
- Incorporate best management practices into every decision-making process to reduce pollution to the minimum levels technically and economically feasible, while achieving or exceeding compliance with all State and Federal regulations, and increasing productivity, quality, and value;
- Continually renew the commitment to excellence and leadership in protecting the environment by using the basic principles of pollution prevention, waste minimization, waste elimination, and recycling.
