TOLEDO FURNITURE INC.

POLICY AND SERVICES #109 - Zone #1

PRICING: All prices are unassembled, F.O.B. Delivered. All orders are subject to final acceptance by Corporate Office. Prices are subject to change without notice. Toledo has the right to make product design changes at any time. Toledo's prices do not include sales, use, excise or similar taxes. Consequently, in addition to the prices specified herein, the amount of any present or future sales, use, excise or similar tax applicable to the manufacture, sale, purchase or use of the goods sold hereunder shall be paid by Buyer. In lieu thereof, Buyer shall provide Seller with a tax exemption certificate acceptable to the applicable taxing authorities.

TERMS OF PAYMENT: Terms are Net 30 Days from date of shipment. A service charge of 1_% per month will be charged for overdue invoices.

MINIMUM ORDERS: Minimum order is \$500.00 Net.

SPECIFICATIONS: Toledo Furniture reserves the right to change any product specifications contained in this price list.

FREIGHT CHARGES: All shipments will be made freight prepaid. All routing will be done solely by the Home Office. If purchaser does not accept delivery of merchandise when ready for shipment, storage fees may be charged to the purchaser

WEIGHT: Weights shown are approximate.

FREIGHT CLAIMS: Freight claims for damaged freight will be handled by the seller when proper documentation is provided by the buyer to seller within 7 days of receipt of shipment. Buyer must provide to sell the original freight bill, signed and dated by the driver with freight damage properly noted on the face of the freight bill. Buyer will hold all damaged parts until released by seller. Failure to document damage at the time of delivery relieves seller from any and all liability for replacement parts. Claims for concealed damage are the responsibility of the buyer and must be filed with the carrier.

PARTIAL SHIPMENTS: Toledo reserves the right to make partial shipments unless otherwise expressly stated herein. All such installments shall be separately invoiced and paid for when due, without regard to subsequent deliveries. Delay in delivery of all shipments shall not relieve Buyer of its obligations to accept remaining deliveries.

SHIPPING TIME: Shipping dates are 75 days after purchase order is released on standard price list items . Toledo makes every effort to meet shipping date requests, but will not be held liable for missed shipping dates. Once items are shipped, Toledo is not responsible for delays caused by the delivering carrier. This includes, but is not limited to, delays in installation proceedings due to slow delivery by carrier. Special (non-price list items) delivery dates will vary depending on the product .

CANCELLATIONS & RETURNS: Orders for "Special" items are not subject to change or cancellation. No return accepted without written consent of the Toledo's Corporate Office. All returned shipments are subject to a re-stocking charge plus all transportation charges incurred by Toledo unless Toledo is at fault. Once production of "Special" items has begun, cancellation of order is subject to Toledo approval. A 15% surcharge will be assessed to approved cancelled items.

CODE RESTRICTIONS: Local building codes vary. It is the purchaser's responsibility to determine that product installation is in accordance with all Local, State and Federal requirements.

LIMITED WARRANTY

Toledo Furniture warrants goods purchased hereunder to be free of defects in materials and workmanship for a period of ten (10) years for the metal and one (1) year for the tops from the date of shipment, hereunder. Toledo's warranty shall not apply in the event goods are damaged as a result of misuse, abuse, neglect, accident, improper application, modification or repair by persons not authorized by Seller, where goods are damaged during shipment. **UNLESS CONSIDERED UNENFORCEABLE OR UNLAWFUL UNDER APPLICABLE LAW:**

A. All implied warranties, including but not limited to warranties or merchantability and fitness for a particular purpose are hereby excluded:

B. Buyer's remedy, if any, for any defective goods shall be limited to a refund by seller or replacement for the goods at seller's option, and shall in no event include damages of any kind, whether incidental, consequential or otherwise.

NO GOODS ACCEPTED FOR RETURN WITHOUT PRIOR APPROVAL. Seller shall have the right to inspect any goods claimed to be defective at Buyer's place of business or require Buyer to return the goods to Seller for inspection on Seller's premises. Transportation charges covering returned goods will be borne by Seller only if such goods are proven to be defective, are covered by this warranty and are returned within the warranty period stated above.

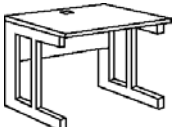

Instructions on Pricing Toledo 's "Scholastic" Modular Workstations

Toledo's "Scholastic" Modular Computer Workstations are sold as either a Free-Standing or Modular (End Starter, Center Adder or End Adder) depending on the requirements of the end user. Each Computer Workstation Model/Part Number consists of a table type abbreviation followed by 4 numbers/sections separated by a "." period. The first section corresponds to the depth of the workstation, the second section corresponds to either the length of or angle of the workstation, the third section corresponds to the height of the workstation and the last section corresponds to the Edge Banding for the workstation. The next few pages provides the details necessary to complete an order for 1 or more workstations. For Example:

To price out a 30" Deep x 38" Wide x 27.5" High Single-Faced Free Standing Workstation with Post Form Front Edge Banding, the Model/Part number will be:

STFS . (1) . (2) . (3) . (4) = STFS . 30 . 36 . 27 . 1 = \$ 827

Instructions on Pricing E-Tech's "EDUCATOR" Tables

Toledo "Educator" Modular Computer Workstations are sold as either a Free-Standing or Modular (End Starter, Center Adder or End Adder) depending on the requirements of the end user. Each Workstation Model/Part Number consists of a workstation type abbreviation followed by 4 numbers/sections separated by a "." period. The first section corresponds to the depth of the workstation, the second section corresponds either to the length of the workstation or the angle of corner unit, the third section corresponds to the height of the workstation and the last section corresponds to the Edge Banding for the workstation. The next few pages provides the details necessary to complete an order for 1 or more workstations. For Example:

If you wanted to price out a 30" Deep x 44" Wide x 27.5" Fixed Height Single-Faced Free Standing Workstation with Post Form Front Edge Banding, the Model/Part number would be:

TOLEDO FURNITURE PRICING "SCHOLASTIC" AND "EDUCATOR" ELECTRICAL

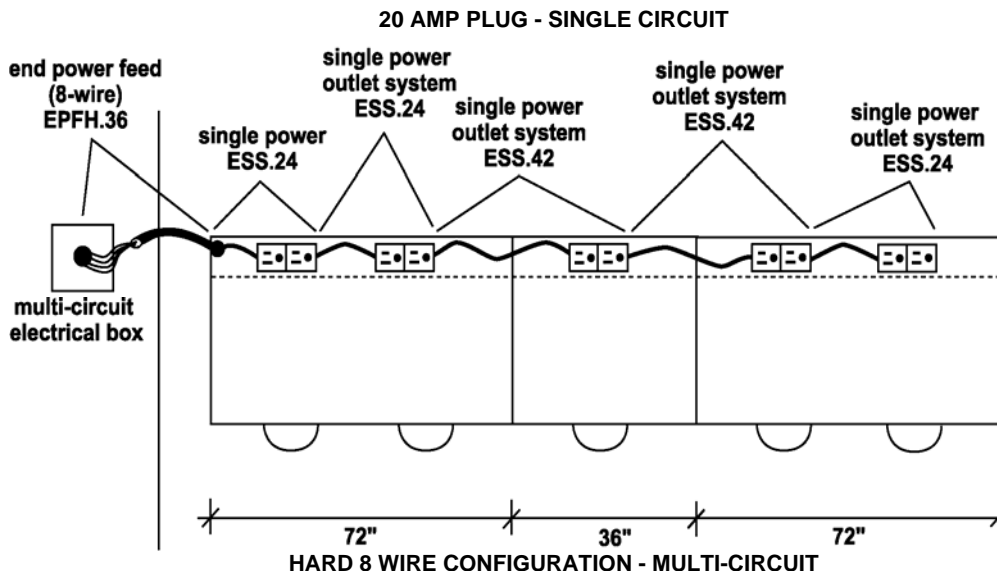

Instructions on Pricing E-Tech Electrical

Electrical Accessories for E-Tech's "Scholastic" and "Educator" Series of Modular Computer Workstations are sold as an add-on option. Single workstations normally have one Single Junction Block with two (2) Duplex Receptacles. Double workstations normally have two (2) Single Junction Blocks with four (4) Duplex Receptacles. When designing and ordering an Electrical system, start with the workstation farthest from the power source. Order a Power Outlet System with enough cable length to reach the next Power Outlet Junction Block/System. Continue until you have reached the last workstation (closest to the power source), then order a Power Outlet System with enough cable length to reach the end of the table. Lastly, order an End Power Feed long enough to reach the Wall/Floor Plug/Box from the end of the table. Standard Product consists of 8-Wire 4-Circuit system with a shared ground. An 8-Wire 3-Circuit system with separate grounds is also available upon request.

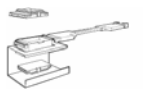

Electrical connection to building must be completed by a licensed electrician. All electrical based on 20 amp circuits, plugs and receptacles. The buyer is responsible to determine the number of circuits required based on the electrical demands on the equipment. The next page, "Electrical", provides the details necessary to price out all the necessary components of the electrical system. For example:

If you wanted to price out the Electrical System for the Modular Workstation below you would need to order:
